

PRESS RELEASE

Centre of excellence in Water Resources Engineering, University of Engineering and Technology, Lahore organized 15 days training workshop on “Design Training of Projects, Schemes and Plans” dated: November 22 to December 08, 2021 in collaboration with Office of the Project Director Balochistan Integrated Water Resources Management and Development Project, Quetta. The workshop was attended by the officers of Public Health Engineering Department, Government of Balochistan. Prof. Dr. Noor Muhammad Khan, Director, Centre of excellence in Water Resources Engineering presented the review of 15 days training workshop.

In 15 days training workshop, eight resource persons from CEWRE, Engineering Contrivers IDAP, KSB Pumps, SCADA and WAPDA share their technical knowledge and professional experience with the participants of training workshop. The objective of this Workshop was to train the Engineers of the Public Health Engineering Department (Government of Balochistan) to know the updated techniques and knowledge related to the planning and development of Public Health Engineering Projects for Balochistan Province.

In concluding session, Guest of Honor Dean Faculty of Civil Engineering, Prof. Dr. Habib-ur-Rahman appreciated the Centre’s efforts in training the water managers and researcher in the field of water resources. He also appreciated the organizing team of the Training Workshop especially Prof. Dr. Noor Muhammad Khan, Dr. Kaleem Sarwar, Engr. Faraz ul Haq and Engr. Muhammad Awais Zafar. In the end Prof. Dr. Habib-ur-Rahman distributed the Shields and Certificates among participants, resource persons and management team.
