# Pakistan Engineering Council

(Constituted under Pakistan Engineering Council Act, 1976 enacted by the Parliament)

Ataturk Avenue (East)  
G-5/2, Islamabad  
PEC/CPD/EPE/F-2021  
13<sup>th</sup> September 2021

## The Vice Chancellor

University of Engineering and Technology (UET)  
Lahore  
Ph: 0429-9250201, 9029205

Subject: **18<sup>TH</sup> ENGINEERING PRACTICE EXAMINATION (EPE) FOR THE PRESTIGIOUS TITLE OF PROFESSIONAL ENGINEER (PE)**

Pakistan Engineering Council (PEC) under PEC Act-1976 is pursuing professional development of engineers leading towards international recognition and cross border mobilities for the engineering professionals.

Under Professional Development of Engineers Byelaws-2008, acquiring CPD points through seminars, workshops, short courses, research papers etc. and qualifying Engineering Practice Examination (EPE), are two mandatory requirements for the elevation of title from "Registered Engineer (RE) to "Professional Engineer (PE)". *As per PEC Act, the "PE" has privilege over "RE" in terms of independently signing designs and preference for higher levels leading towards international licencing and professional practice.*

It is therefore, mandatory to ensure above requirements of PEC Act by placing/ appointment of only **Professional Engineers (PEs)** against posts involving technical sanctions/ design approvals in both government and private sectors.

In this regard, **18<sup>th</sup> Engineering Practice Examination (EPE) (Fall-2021) will be held on 26<sup>th</sup> December 2021 (tentative)** simultaneously in five major cities i.e. Islamabad, Peshawar, Lahore, Quetta and Karachi. The application forms, details and guidelines pertaining to are available on PEC website ([https://www.pec.org.pk/epe\\_updated.aspx](https://www.pec.org.pk/epe_updated.aspx)).

It is, therefore, requested to kindly inform all Registered Engineers (REs) working in your esteemed organization to apply/ appear in the above mentioned Engineering Practice Examination (EPE) for elevation of their title from Registered Engineer (RE) to Professional Engineer (PE). PEC would highly appreciate your support and facilitation in this regard.

Regards.

(Engr. Khadim Hussain Bhatti)
