

## Online meeting of CEWRE-UET Faculty with Aquanty Canada Researchers

Opportunity for collaborative research for resolving water related issues of Pakistan were discussed in an online meeting between Centre of Excellence in Water Resources Engineering (CEWRE), Civil Engg Deptt. at UET Lahore and Aquanty Waterloo Canada Researchers on Dec 08, 2022.

Prof. Dr. Habib, Prof. Dr. Noor, Prof. Dr. Atiq and Engr. Faraz represented CEWRE-UET side and Dr. Steven and Dr. Tariq represented Aquanty, Waterloo, Canada.

Dr. Steven described capabilities of HGS software for modeling the surface-water and groundwater simultaneously in a 3D environment. Possibilities of submitting joint proposals were also discussed.

Both sides resolved to continue the linkage and work together for mutual benefit of both the institutes and countries.
