

## Events Plan of Calendar Year 2024

<b>Sr. No.</b>	<b>Duration</b>	<b>Title and Dates</b>
1	One Day	Application of Machine learning in Water Resources Specifically for Flood Studies Wednesday, February 13, 2024
2	One Days	Training Workshop on Scour Modelling downstream of hydraulic structures using CFD Modeling Monday, March 4, 2024
3	One Day	<b>Word Water Day</b> Friday, March 22, 2024
4	One Day	Training Workshop on Groundwater Modeling in complex lithological Pattern Thursday, April 4, 2024
5	One Day	Training Workshop on Spatial Data Analysis for Catchment Modeling Wednesday, April 24, 2024
6	One Day	Training Workshop on Two-Dimensional Electrical Resistivity Survey of Groundwater and Subsurface Lithology Wednesday, May 15, 2024
7	Two Days	Training Workshop on Engineering design & Analysis of CFRD dams Wednesday, June 12 to June 13, 2024
8	One Day	Training Workshop on Application of Phyton in Water Resources Thursday, June 27, 2024
9	One Day	Training Workshop on Distributed Hydrological Modeling in Data Scare Environment Wednesday, August 21, 2024
10	One Day	Training Workshop on Application of ADCP for Rapid Discharge Measurement Thursday, September 19, 2024
11	One Day	3rd National Conference on hydrology and Water Resources Tuesday, November 26, 2024
12	One Day	Training Workshop on CFD Modeling of Spillway Monday, December 16, 2024
